

REPORT TO THE GOVERNOR
ANIMAL-CRUELTY RELATED CRIMINAL ACTIVITY IN NH
2016 & 2017

I. Introduction

On August 17, 2017, Governor Sununu issued Executive Order 2017-04 that re-established the Governor's Commission on the Humane Treatment of Animals ("Commission"). Pursuant to paragraph 1(a) of the Executive Order, the Commission was charged with preparing a biennial report for the Governor that documents:

- 1) the number of animal-cruelty related convictions in that time period; (and)
- 2) the number of animal-cruelty related cases in that time period. . .

The Commission understands that such description is to include not only court cases regarding animal-cruelty, but also reports of animal cruelty and investigations of animal cruelty.

For purposes of this report, "Cases" shall include court cases, reports and investigations.

"Charges" shall include when criminal charges are filed in a New Hampshire court.

"Convictions" shall include any guilty finding or plea that is entered in an animal cruelty case.

In addition, the Commission was charged with preparing reports regarding proposed legislation and changes in statute and administrative rules and suggested legislation. These charges regarding the reporting of legislation and statutes and administrative rules are not contained in this report.

The Commission hereby issues the following report to the Governor pursuant to the Executive Order 2017-04.

II. The Importance of Reviewing Animal-Cruelty Related Cases/Convictions in New Hampshire

Animal related Cases are important. Animals are sentient beings, capable of experiencing various emotions, including pain, stress and fear. We have recognized through our existing laws

REPORT TO THE GOVERNOR
ANIMAL-CRUELTY RELATED CRIMINAL ACTIVITY IN NH
2016 & 2017

in New Hampshire that animals should be cared for in ways that minimize pain, stress, fear and suffering. Through an analysis of the data from animal-cruelty Cases, New Hampshire citizens can better understand how to amend laws and law enforcement procedures to effectively address animal-cruelty.

In addition, numerous studies and legislation have recognized a direct link between the issue of animal cruelty and the commission of other crimes, including but not limited to human abuse. For the purpose of identifying and prosecuting individuals who have committed crimes against animals, preventing further abuse of animals and preventing individuals from repeated and escalating criminal acts, we need to ensure that we are fully and properly addressing animal-cruelty Cases. Animal related Cases can also be a good indicator of mental health issues and a means to identify persons in need of mental health services.

Finally, there is a cost factor associated with animal-cruelty Cases. The State of New Hampshire has an interest in mitigating and efficiently managing the costs associated with animal-cruelty Cases, including the cost to law enforcement and the cost that falls on the private sector, to report, respond, investigate, bring charges, and process. A major component of these costs is the care of seized animals during any legal proceeding.

III. Procedure for Gathering Data

The Commission made requests for non-confidential data for 2016 and 2017 under the following New Hampshire statutes: RSA 435, 437, 644:8, 644:8-a, 644:8-aa, 644:8-c, 644:8-d, 644:8-e, 644:8-f, and 644:8-g.

The Commission made a request to the Administrative Office of the New Hampshire Courts. The Administrative Office supplied data which is attached hereto as Exhibit A. No records were available for juvenile cases, although the Administrative Office provided the number of juvenile cases. In addition, the Administrative Office did not provide annulled cases.

A right-to-know request was made for the Incident Status Reports and all non-confidential investigation documents regarding animal abuse/cruelty cases to New Hampshire Attorney General Gordon MacDonald and Policy Advisor to the Governor, Harold Perkins. On or about February 27, 2018, Attorney Ann M. Rice, Deputy Attorney General, responded that “[t]his Office does not have any such records as we do not investigate or prosecute animal cruelty cases.” In addition, she stated that “there is no centralized statewide repository for such information.” See Exhibit B. No response was received from Mr. Perkins.

The Commission then made requests to each County Attorney and received information from the Office of the Hillsborough County Attorney, the Newport Police Department, the Hooksett Police Department, the Grantham Police Department, the Sullivan County Sheriff's Office, and

REPORT TO THE GOVERNOR
ANIMAL-CRUELTY RELATED CRIMINAL ACTIVITY IN NH
2016 & 2017

the Rockingham County Attorney¹, Patricia Conway. See Exhibit C. To date, the Commission has not received any additional information.

Finally, data was compiled from these non-profit animal shelters by the New Hampshire Federation of Humane Organizations, a professional membership organization comprised of private non-profit animal shelters and rescues. The animal shelters volunteered to share the information. Participating organizations included: Above the Notch Humane Society, Animal Rescue League of New Hampshire, Conway Area Humane Society, Cochecho Valley Humane Society, Humane Society for Greater Nashua, Lakes Region Humane Society, Live and Let Live Farm, Monadnock Humane Society, NH Humane Society, NH SPCA, Pope Memorial SPCA and the Humane Society of the United States. See Exhibit D.

A Commission member was able to obtain data from the Federal Bureau of Investigations, which started collecting such information in January 2017. See Exhibit E.

IV. Procedure for Animal Investigations

The Commission has a general understanding that any time there is an incident, it is potentially reported to a humane society or local law enforcement unit. If a local law enforcement unit is involved, there would be a document created that details the report/action taken. Many local law enforcement units track these reports within an electronic database.

If the report is made to an humane/animal shelter, there are several non-profit humane/animal shelters in the state that employ investigators that respond to citizen complaints of suspected animal cruelty as well as assist local law enforcement when requested. Other shelters assist by housing animals who require protective custody and re-homing animals who are surrendered by their owners. Should the investigation of a complaint by a humane/animal shelter discover unlawful activity, law enforcement would be contacted and take a lead in the case. Humane/animal shelters do not have the ability to search or seize. A large majority of the complaints received by humane/animal shelters do not result in search or seizure because there is a determination by the shelter investigator that no laws have been violated.

The New Hampshire Department of Justice gathers data on certain areas of law, but based on the correspondence described above, the Commission understands that animal cruelty is not one of them.

V. Data Analysis

Animal-cruelty Related Convictions from Administrative Office of the NH Courts²:

¹ Cases are not included, only cover letter.

² Data is per violation and not per person. Thus, one person may be convicted of multiple charges.

Charges Filed	0	0

VI. Summary of Findings

1. Increase from 2016 to 2017 in Charges/Convictions

It is telling that the number of Charges from 2016 to 2017 almost doubled from 95 to 156. This increase could have been due to either increased prosecution or an increase in animal cruelty. Without underlying data from police departments over this time period, it is difficult to discern.

2. Vast Number of Cases do not result in Charges

The number of animals surrendered and seized is far greater than the number of Charges brought. This data, coupled with the data from the Hooksett Police Department, with over 60 Cases of

REPORT TO THE GOVERNOR
ANIMAL-CRUELTY RELATED CRIMINAL ACTIVITY IN NH
2016 & 2017

animal cruelty indicate that law enforcement is responding to Cases, but not finding such Cases necessitate Charges. In addition, the data shows that the Charges are being pleaded down at the Court level for animal cruelty. Again, a case by case analysis may be necessary to determine why these cases are being pleaded down.

3. Inability to Obtain Meaningful Data

The data from local police departments is crucial to determine the extent of animal cruelty and understand how various law enforcement agencies are addressing animal cruelty cases. The information from Newport, Grantham and Hooksett is puzzling. Either incomplete data was given or the departments are processing animal cruelty Cases very differently. It is also telling that Newport, with 36 Cases in 2016, and 25 Cases in 2017, appears to have not brought any Charges against a person for animal cruelty. Yet, Hooksett, reporting only 7 Cases during this period, brought 5 Charges. This discrepancy is believed to be based on incomplete data collection.

VII. Recommendations

The first recommendation is that the New Hampshire Department of Justice be charged with collecting records on animal cruelty investigations. These records can and should be gathered from local police departments.

The second recommendation is that there be a second report that further analyzes data from all local police departments and reviews detailed court records to further understand the following:

1. Why the number of animal cruelty Charges in comparison to Cases is so low.
2. Whether the pleading down of Charges for animal-cruelty differs from other criminal cases and whether it is a cause for concern.

VIII. Appendix

Exhibit A – Court records

Exhibit B – February 27, 2018 Letter from Attorney Ann Rice

Exhibit C – Country Attorney/Sheriff/Local Law Enforcement records

Exhibit D – New Hampshire Federation of Humane Organizations Data

Exhibit E – Federal Bureau of Investigation Data

Email received on 2/16/18:

Hello Lisa –

We have reviewed all the materials that you have provided to us regarding the cases in NH of Animal Neglect/Cruelty. To break it down further now, we were wondering if it would be possible to obtain:

- A full reporting of filed cases of animal neglect/cruelty between 1/1/2016 through 12/31/2017.
- A full reporting of disposed of cases of animal neglect/cruelty between 1/1/2016 through 12/31/2017.
- The number of juvenile cases.

Please let me know if you have any questions. Thank you so much for your help.

Filing (Offense Code Report) notes:

This is a count of charges filed 1/1/16-12/31/2017, which fell under RSA 435, 437, 644:8, 644:8-a, 644:8-aa, 644:8-b, 644:8-c, 644:8-d, 644:8-e, 644:8-f, and 644:8-g (105:14 and 105:17, although requested, do not exist as offense codes).
Charges may be amended throughout the criminal process. The offense counted is the offense reported as of 3/14/18.
This does not include annulled charges.
Multiple charges may be filed in one case.
This includes data from the Superior Court and Circuit Court-District Division. It does not include Juvenile Delinquency data. There were 3 Juvenile Delinquency charges filed.
Total disposed charges on report = 514

Disposition (Criminal Disposition Type report) notes:

This includes charges disposed 1/1/16-12/31/17, which fell under RSA 435, 437, 644:8, 644:8-a, 644:8-aa, 644:8-b, 644:8-c, 644:8-d, 644:8-e, 644:8-f, and 644:8-g (105:14 and 105:17, although requested, do not exist as offense codes). It does not represent charges *filed* in that date range, some of which may not yet be disposed.
Dispositions and charges may be amended throughout the criminal process. The disposition and offense counted are those that were reported as of 3/14/18.
Some convictions may have been appealed.
This includes data from the Superior Court and Circuit Court-District Division. It does not include Juvenile Delinquency data. There were 4 Juvenile Delinquency charges disposed.
This does not include annulled charges. Six annulled charges were removed from the results.
Some charges could be represented twice, if they were disposed both in District (as boundover/indicted), then again in Superior (as acquittal/conviction/etc.), in the same date range.
The "indicted" disposition is used to close a matter in the District Division when the charge is transferred to Superior Court prior to the probable cause hearing in the District Division. This number does not represent the total number of charges indicted.
Total disposed charges on report = 354

Re: Request for Information from the Governor's Commission on the Humane Treatment of Animals

Dear Attorney Morris:

I am responding to your request for reports regarding investigations and/or charges of animal cruelty by all New Hampshire law enforcement agencies. This Office does not have any such records as we do not investigate or prosecute animal cruelty cases. Unfortunately, there is no centralized statewide repository for such information so you would need to direct a request to each individual agency.

I am sorry I cannot be of assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Ann M. Rice".

Patricia Morris, Esq.
P. O. Box 32
Center Barnstead, N.H. 03225

Dear Attorney Morris:

We have received your request for "Incident Status Report(s) regarding any and all investigations and/or charges of animal cruelty by any and all New Hampshire law enforcement branches in your County and under your jurisdiction, including the county sheriffs', and all municipal police departments."

The Hillsborough County Attorney's Office prosecutes felony and misdemeanor appeals cases in the Hillsborough Superior Courts. We have information about the cases that are sent to us by the investigative agencies. If the case is not sent to us for any reason, such as it being a misdemeanor that is never appealed, then the information remains exclusively with the investigative agency to the exclusion of this office.

A search of this office's file management system found five cases that may fit your criteria.

From Antrim: State v Nathaniel Douville regarding RSA 634:3 from 2017

From Manchester:

State v Jonathan Lozada regarding RSA 644:8 iii from 2016.

State v George Abbott regarding RSA 644:8 iii a from 2017

State v Ivana Clifford regarding RSA 644:8 iii a from 2017.

From Nashua: State v Blake Colella regarding RSA 644:8 iii a from 2017.

The quickest way to get police reports (what I think you mean by Incident Status Reports) is to request them from the police agency's records departments. However, if you prefer to receive them from me they are twenty-five cents per page. Only the Lozada case is closed and available. It is 26 pages of reports which will cost you six dollars and fifty cents. Send a check for that amount payable to Hillsborough County

RE: Executive Order 2017-04 dated August 17, 2017

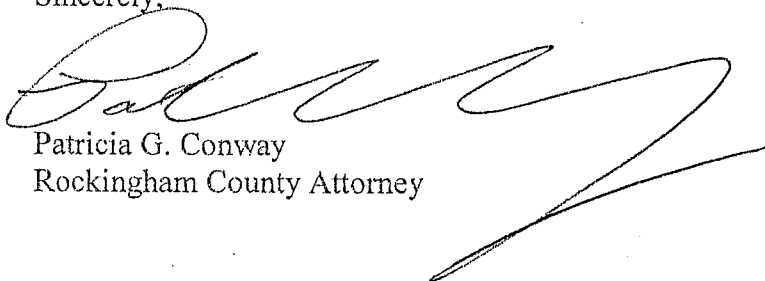

Dear Attorney Morris:

Pursuant to your request that this office received on May 25, 2018, please find the following cases that had charges of animal cruelty in the years of 2016 and 2017:

1. State v. Jada Demas*
2. State v. Jennifer Moscardini*
3. State v. Brian Harrington
4. State v. Karl Busch
5. State v. Michael Whalen
6. State v. Paul Cram
7. State v. David Hoyt

Please feel free to contact me if you have any questions or comments about the disposition of this case.

Sincerely,

Patricia G. Conway
Rockingham County Attorney

---	--	-----------------	--	--	--	--	--

Ref: 16-1387-OF

1515 hrs.

CUMMINGS called regarding her concerns for the condition of a mule being kept at the KRETOWICZ residence. CUMMINGS did not feel the animal was being cared for properly in that it appears that the animal is standing in about a foot of mud in its pen. CUMMINGS was also unsure if the animal had shelter during inclement weather. I spoke with CUMMINGS and assured her that we would contact the State Vet to have the animal evaluated.

11/10/16 1245 hrs.

I accompanied L. CAVERLY, a State Veterinary Terch to the KRETOWITCZ residence to evaluate the situation with the mule. CAVERLY found the animal to be in good health, with adequate shelter and food supply. As to the original complaint of the animal walking around in mud, CAVERLY, advised that was resultant of the weather. Other than the watering trough needing a cleaning out CAVERLY found no issues with the care of the animal.

This matter is closed.

Chief Walter A Madore Sr.

Inspection Form

Name of Owner: Christine Kretowicz
Address: 433 Route 10 South
Grantham, NH 03753
(603) 863-4701

Complaint: This office received a request from Grantham Police Chief Walter Madore to assess the living conditions of a mule owned by Christine Kretowicz.

Observations:

On November 10, 2016 Leah Caverly visited 433 Route 10 South, Grantham with Chief Walter Madore to access the living conditions of a mule. There had been a complaint about the amount of mud in the mule's paddock. The owner of the mule, Christine Kretowicz was not home. Chief Madore and Leah Caverly left copies of RSA 435 sections 11-16, AGR 3700 and Leah's business card in the door frame.

Signature of Inspector: Leah R. Caverly

Dear Attorney Morris,

This correspondence is in response to your request for the number of animal-cruelty related convictions and cases, including investigation's that we handled in 2016 and 2017. I have attached four (4) such cases that we handled. I am not aware of any other cases that we were involved in. All of the cases took place during our patrols in either Lempster, NH or Unity, NH.

If you have any questions, feel free to contact our office.

Respectfully,

A handwritten signature in cursive script that reads 'Jeremy S. Wilson'.

Description :
88 reported animal cruelty to a horse located between West Unity Road and County Farm Road.

Disposition : **SR** **Services Rendered** EMD Code:

Comments : *Kelly Simpson called Claremont Dispatch requesting to speak to a deputy due to potential animal cruelty. Dispatch advised me that Kelly wanted us to check on a horse located between West Unity Road and County Farm Road. I advised dispatch that I had already checked on this horse before but will notify Kelly. I called Kelly but had to leave a voice mail. I notified Kelly on the message that I had already checked on this horse before and what I discovered on the case. I found that the horse had water and food. I advised Kelly if this did not answer her question to call me back. On 3/22/2016, I still have not received a call from Kelly. Nothing further.*

CALL DETAILS

Call Type: **ANIMAL** **Animal Complaint** Priority: **0**

Description:

reports previous tenant left a dead rabbit that appears to have been starved.

I spoke to Patricia Bailey and her husband Andrew. The previous tennants Aaron Moeller and Rainne Morse were believed to have left the property on the 22nd of March 2016.

I looked at the dead rabbit and took some photographs for my report, I will be contacting Aaron and talking with him about the rabbit. The rabbit did not looked starved, but it is not known when or for how long the animal has been deceased.

I spoke to Kathy Sullivan and she said the animal could be buried, as there is nothing she can do now. Kathy asked to be contacted once I have the chance to speak with Aaron.

Disposition: **UTL** **Unable to Locate** EMD Code:

Comments: **After talking with the Bailey's, I left a message for Paul Moeller who is Aaron's father. Paul was able to pass along my message to Aaron about me wanting to talk with him. I did receive a phone voice mail from Aaron, but was never able to get a hold of him to speak with him about this matter.**

Aaron was later sentenced to the NH State Prison for a separate incident, that occurred in Claremont.

The deceased rabbit did not look like it had been starved to death. Without being able to get a hold of Aaron, it is unknown as to how the animal might have died.

CALL DETAILS

Call Type: **DO Dog-loose** Priority: **0**

Description: **88 reported that the neighbor dogs attacked a chicken.**

Disposition: **SR Services Rendered** EMD Code:

Comments: *I spoke to Marlene briefly on the phone and then at her residence. She said that between 10:30am-11:00am, she was doing yard work when she heard her neighbors dogs howling. She walked over to see them attacking a chicken. She was able to stop the dogs and then place them in their pens. She said eventually the dogs escaped again and went after the chicken. She once again repeated her actions and saved the chicken. Marlene said that the dogs at times howl for an hour at a time. Marlene said that she is scared that the neighbor will find out she called the sheriffs office. I informed Marlene that I will keep her name out of the call. I went to the neighbors house to advise that on the complaint but no one was home. There were 4 chickens in the yard walking freely and 4 Beagals in pens. Two per pen. I placed a business card at the door beside the garage door. I did speak to the owner of the animals, Greg Beaulieu off duty. Greg said that the dogs were getting out but he fixed the pen.*

Narrative Report			

On 05-23-2017, I received a call from Cathy Sullivan. Cathy informed me that she has a black Shih Tzu type dog at her facility that came from Lempster, New Hampshire.

Cathy said that this dog had matted hair and was loaded with ticks. Cathy informed me that no one has attempted to claim this dog but she did believe that the owner lives off of Clothespin Drive in Lempster. Cathy said that there were horses and other dogs on the property. She requested me to check on the welfare of the animals.

Later in the afternoon I went to 55 Clothespin Road and checked on the animals on the property. I first saw two horses which appeared to me to be healthy.

I located another dog chained in back of the house. This coon style canine appeared to be healthy. This dog had access to a dog house, water and food. I called Cathy Sullivan and was speaking to her when I was walking around the property.

I knocked on a door to the newest building on the property and eventually spoke to Lynn Hume. Lynne said that there was only one other dog on the property and it was inside the house. Lynne said that Chrissandra had a small dog but it is not there. Cathy asked if it was black and Lynne said yes. Cathy commented to Lynne that she had the dog.

I asked Lynne if Chrissandra was home and she said no. Lynne said that Chrissandra works at the Bonnie Plant and does not get home until 8pm. I asked Lynn to inform Chrissandra that I was there. I cleared the residence.

Around 3:48pm, I went to 11 Cutler Road and spoke to Cezira Florence about the matter. Cezira said that on 05-12-2017 around 9:00am, she pulled into the driveway to find the black dog in the yard with her dog. Cezira said that she left around 12:00pm and came back around 1:00pm to find the dog still there. The dog stayed at the house the rest of the day.

Cezira described that every time she touched the dog, it would scream. Cezira said that the dog had matted hair and was covered in ticks. Cezira said that she pulled at least 15 ticks off that day.

Cezira during that afternoon attempted to hand over the dog to Cathy Sullivan but she was not available. Cezira said that the dog began to bleed so she became worried. Cezira called Cathy again and both agreed to meet.

Cezira said that she posted pictures of the dog on Facebook. Cezira said that the owner of the dog was Chrissandra Coutu. I advised Cezira that I would look into the matter.

On 05-23-2017 at 5:57pm, I received 2 photographs of the dog in question. See attached (MJB-1.) I also received 2 photographs of the dog cleaned up and shaved. (MJB-2)

On 05-24-2017 around 6:07am, I received a photograph from Cathy. Cathy indicates that she screen shot two photographs posted by Chrissandra. Cathy said that Chloe Boyce might know some of the

Attempt

Narrative Report

story with this dog and Chrissandra.

On 05-24-2017, I went to 11 Cutler Road to speak to Cezira. I asked how I could make contact with Chloe Boyce and she said Facebook. Cezira said that she will make contact with Chloe and hopefully she will call me.

On 05-25-2017 around 11:30am, I went to Cathy Sullivan's home to speak to her about Sophie the dog. Cathy said that she pulled 27 ticks off Sophie. I asked Cathy who is Chloe Boyce and she said Chrissandra's niece. I asked Cathy how many days has Sophie been with her and she said 8. Cathy showed me why Sophie was wearing a stress suit. Cathy attempted to pick up Sophie and immediately she began to scream like someone was beating her. Cathy commented that this was not normal. I informed Cathy that I am still waiting to speak to Chrissandra.

On 05-26-2017 around 4:05pm, I reached out to Chloe Boyce on Facebook asking her to call me at the sheriffs office. Chloe responded by saying that she did not want to get involved but she will call me.

On 05-30-2017 around 1:15pm, I attempted again to reach out to Chloe on Facebook asking her to call me at the sheriffs office. Chloe responded by saying she will corporate but did not know anything that happened.

On 05-31-2017 around 8:00am, I once again attempted to reach out to Chloe asking her to call the sheriffs office. Chloe did not respond back again but I saw that she read the message on 06-02-2017.

On 05-31-2017 around 10:30am, I went to 55 Clothespin Road in Lempster and spoke to Chrissandra.

I asked Chrissandra if she had a dog named Sophie and she said yes. I asked Chrissandra why didn't she have Sophie anymore and she said because Sophie took off. Chrissandra said every morning once she wakes up, she lets Sophie outside. Chrissandra said just before she went to work, she looked around the yard but there was no Sophie. Chrissandra continued to say that she walked down to where the horses were in the field because Sophie loved to go there but no Sophie.

Chrissandra said she has lived there for years and her experience was that once an animal was missing, it means something ate it. Chrissandra thought a Coyote or Fisher Cat attacked Sophie and that was why she did not report the incident. I asked Chrissandra if Sophie ever yelp as someone was picking her up and she said no. I advised Chrissandra that maybe she abused Sophie and that was why the dog was yelping now. Chrissandra said that she never abused Sophie. I asked Chrissandra if I could have her phone number just in case I had more questions and she said yes. I cleared the residence.

Around 10:47am, I stopped at 11 Cutler Road and spoke to Cezira about the conversation with Chrissandra. I informed Cezira that I still could not prove Chrissandra abused Sophie because Chloe won't speak to me. Cezira commented because she was the niece of Chrissandra. I cleared the residence.

On 06-15-2017 around 11:07am, I spoke to Cathy on the phone about the matter. Cathy said that

Attempt		<input type="checkbox"/>	

Sophie was adopted by a lady she knew who just lost her husband. Cathy said that the dog psychologist could not determine if the dog was abused or the yelping was from pain due to the lyme disease.

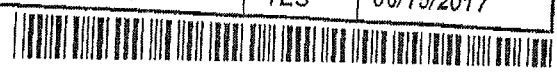

I informed Cathy on my conversation with Chrissandra and also that I could not get Chloe to speak to me. I also advised Cathy that Chrissandra was not financially able to care for Sophie.

Both of us agreed that Sophie was not going back to Chrissandra and will be better off with Cathy's friend.

I could not determine if Sophie was abused due to the lack of evidence and witness corporation. This matter will be closed.

Ref: 17HKS-397-AR

On July 8, 2017 at approximately 1218 hours, I, Officer Minihan of the Hooksett Police Department was dispatched to Target at 100 Quality Dr for an animal call. The caller,

James Martin

Stated MA 1JS113, a 2013 Mazda 3 which was registered to,

Gwen Blumberg

Was parked in the parking lot closest to the CVS Pharmacy sign and he had observed a dog in the vehicle for over two hours. Martin had stated the vehicle was not running and the windows were not open. Few minutes later another caller called,

Katie Atwood

Stating that there was a dog in MA 1JS113 and that the vehicle was not running but only the rear windows were open approximately two inches. Atwood stated it appeared the dog was in distress.

Upon arrival, I was flagged down by Atwood and observed what appeared to be the owners of the dog by the vehicle. I identified them as,

Gwen Blumberg

Zarif Islam

I observed a yellow Lab Shar Sei mix who Blumberg stated he was named Luke and was seven years old. The dog had a muzzle on his nose and appeared to be distressed. The dog was panting extremely heavily and Blumberg put him back in the rear of the vehicle. I noted that there was an octopus toy on the ground with water and asked Blumberg if she had given him any water. Blumberg stated she had given him some, I advised her that the dog looks as if it needed more water due to the heavy panting. I also advised that having a muzzle on a dog who was breathing that heavily did not appear good for his health due to it constricting his panting. Blumberg removed the muzzle and the dog began to drink up water. I observed only the rear windows were open approximately two inches and asked Blumberg if she left the vehicle on when she was in the store. Blumberg stated the vehicle was off when she was in Target.

I spoke to the caller, Atwood who stated she had pulled into Target moments after Blumberg at approximately 1155 hours. Atwood stated that when she observed Blumberg and Islam walk into Target and she began taking her children out of the vehicle when she observed the dog in the back seat. Atwood stated she only observed the two rear windows open approximately two inches. Atwood stated she took a photograph of the vehicle's license plate and brought it into Target. Atwood stated that Target made an overhead announcement advising whoever owned the vehicle to go out and open the windows more due to a dog being in it. Atwood stated she left Target twenty minutes later and observed the dog still inside with the windows open the same amount. Atwood stated the dog did not have a muzzle on at the time and was laying down. Atwood stated she attempted to give the dog water while it was laying down inside but the dog made no interest in having water. Atwood stated it appeared the dog was hyperventilating. She stated the dog would sit up then go back to laying and it appeared to be in

Ref: 17HKS-397-AR

distress.

Atwood stated five minutes prior to my arrival, Blumberg came back out to her vehicle. Atwood stated she yelled at Blumberg who did not appear to be concerned over her dogs well being. Atwood stated Blumberg placed a muzzle on the dog and had him get out of the vehicle. Atwood grabbed more water and one of her childrens beach toys to put water in it for the dog. Atwood stated she tried to hand the water to Blumberg but Blumberg dumped it out onto the ground and stated her dog was not friendly. Atwood told her that the dog needed water and she stated Blumberg made a fit then walked over to the other side of the vehicle and poured water in the toy.

After speak with Atwood, I looked at the temperature on my phone and observed at 1238 hours it was 84 degrees outside. I took a photograph of the temperature. I then looked online and advised Blumberg if she knew how hot it was inside the vehicle. Blumberg stated no. I went online and located a chart that showed estimated vehicle interior air temperature versus elapsed time. I advised Blumberg that at 85 degrees after 10 minutes it could reach 104 degrees, after 20 minutes it could reach 114 degrees and after 30 minutes it could reach to 119 degrees. Blumberg stated it was cloudy and she didn't think it was hot outside. Blumberg stated that she was only in Target for 15 minutes.

I contacted Hooksett Dispatch to see if there was anyone at Target that could work the camera system and they stated there was someone there. I requested Officer Byers to come to Target so I could go inside to look at the camera's. Once Officer Byers arrived I went inside to watch the video.

I observed Blumberg park her vehicle in the Target Parking Lot at 1158 hours and get out of the vehicle at 1159 hours. I then observed Atwood park her vehicle while Blumberg and Islam were walking towards the store. At approximately 1229 hours, I observed Blumberg return to her vehicle.

I then contacted Capital Area Veterinary 24 HR Emergency Service (CAVES) located in Concord, NH and spoke to Doctor Alison Darby. I advised Dr. Darby of the situation and asked for her expert medical opinion. Dr. Darby stated that after a half hour in a vehicle while it was hot out could cause a dogs temperature to elevate, the dog could get heat stroke and organ failure could start to occur. She advised me that the dog should be brought to a veterinarian to be checked to make sure none of the above start to happen.

I returned to Blumberg's vehicle and advised her that because she was gone for half and hour with the temperature being 84 degrees outside and the condition her dog was in she was going to be under arrest for animal cruelty.

I had Blumberg face away from me and I placed handcuffs behind her back, checked for tightness and double locked them. I then checked her person for weapons and means of escape, finding none. I advised Islam that he was to stay with the vehicle while it was running with the dog since he could not drive a manuel geared vehicle. I secured Blumberg in the right rear of my vehicle. I took photographs of the vehicle with the windows open and a photograph of the dog, Luke at approximately 1307 hours. Luke appeared to be breathing better but still had a panting heavily.

I transported Blumberg to the police department to complete the booking and bail process. Upon arrival to the station, I secured my department issued firearm in the designated lock box and escorted Blumberg into the

Ref: 17HKS-397-AR

booking room. Blumberg requested the services of a bail commissioner and Nancy Ringland was contacted. I read Blumberg her Miranda Rights in which she stated she understood them and agreed to speak with me. Blumberg admitted she didn't know how long she was in Target and thought because it was cloudy out it was not hot.

I took photographs and fingerprints of Blumberg and while waiting for BC Ringland to arrive, I placed her in women's cell 2 at approximately 1354 hours. Blumberg was released from women's cell 2 at approximately 1418 hours.

BC Ringland released Blumberg on \$2,000 PR Bail with a court date of August 9, 2017 at 0815 hours at the 6th Circuit Hooksett District Court. I advised Blumberg that she should bring her dog, Luke to an emergency veterinary hospital to be evaluated for heat exhaustion. I advised her that CAVES in Concord was a 24 hour 7 days a week veterinary office that she could go to on her way up north.

Blumberg requested a taxi to bring her back to her vehicle and Red Sea Taxi was contacted. Blumberg was released and charged with Cruelty to Animals.

No further action taken.

Ref: 16HKS-213-AR

On 05/10/16 at approximately 0959, Officer Buker, Sergeant Burke, Officer Scarpino, and Officer Lamy responded to 9 Roy Rd., for a report of a domestic disturbance with a possible assault. Upon arrival, I identified the involved parties as

Jonathan Zajac

and

Jasmine Funkhouser

ZAJAC did not have his ID on him but identified himself by name and date of birth. ZAJAC stated that he was hit and spit on by his girlfriend, FUNKHOUSER, after an argument about her not going to work. They co-habitate at 9 Roy Rd. I observed that the left side of his face was slightly red and there was spit on his eyebrow and jacket. He said she tried to tip a desk over in the house. He said she was mentally unstable and he did not want her to get in trouble. He stated to me that he did not put his hands on FUNKHOUSER.

I spoke with FUNKHOUSER who said that ZAJAC arrived home angry about her not working. She said that he threw items on a coffee table in their bedroom onto the floor. I observed several items on the floor next to the coffee table including plastic eating utensils, a container of cleaning wipes, an 8x10 piece of paper, a blanket, and another unknown container. FUNKHOUSER went into another room and was getting clothes out of her closet when ZAJAC stuck out his chest and pushed her into the closet with his chest. She was telling ZAJAC that she wanted to leave but he prevented her from doing so by standing in front of the closet doorway. FUNKHOUSER then punched ZAJAC and he moved.

FUNKHOUSER admitted to spitting on ZAJAC but it was because he was spitting on her as he was yelling at her and he would not stop. She said he was not "hocking a lougie", just spitting as he was yelling. FUNKHOUSER stated ZAJAC tried to kill her chameleon. He dumped the chameleon's cage on its side and the items in the cage shifted on top of the reptile. She said the chameleon was green prior to its cage being overturned and after it was gray. I observed it to be gray. ZAJAC stated he only shook the cage to make FUNKHOUSER angry.

It appeared as though FUNKHOUSER had been crying. She had a tear coming from her eye and her cheek looked wet. She was honest about being a prostitute in the past and meeting ZAJAC on a website known for prostitution services identified by her as "Backpage". FUNKHOUSER's admission to previous criminal activity, along with her admission to punching and spitting on ZAJAC added to her credibility.

Officer Lamy spoke to the reporting party,

Sheila Wormald

who resides at the rear of the house where FUNKHOUSER and ZAJAC live. She heard the disturbance and said it sounded like ZAJAC was upset with FUNKHOUSER for sleeping and not working. She was concerned for FUNKHOUSER's safety. She believed that FUNKHOUSER had been pushed because she heard her say, "I don't believe you did that to me".

ZAJAC was determined to be the primary physical aggressor and was placed under arrest. After he was arrested and informed that one of the charges was for chest bumping FUNKHOUSER into the closet, ZAJAC said that he pushed her in the closet because she was threatening to destroy and destroying his property. Then he said he put her in there so she did not hurt herself or anyone else. During a search incident to arrest, a red/green glass smoking pipe was located in the left front pocket of his winter jacket. Inside the pipe was green vegetative matter that looked and smelled like marijuana. The substance was field tested by Officer Scarpino and it tested positive for marijuana. I photographed this item and secured it into evidence.

Officer Lamy provided FUNKHOUSER with the HPD victim's rights form and the blue domestic violence resource card. She also completed a LAP screening with her.

ZAJAC was charged with domestic violence - simple assault, domestic violence - false imprisonment, possession of a controlled drug-Marijuana, and cruelty to animals. He was released on \$5,000 personal recognizance bail by Bail Commissioner Ray Daly and given an arraignment date of 05/13/16 at 0815 hours at the Hooksett Circuit Court.

***END OF REPORT.

NARRATIVE FOR SERGEANT MATHEW BURKE

Ref: 16HKS-213-AR

On 05/10/16 at approximately 1000hrs Officers responded to 9 Roy Rd. for a report of a domestic disturbance. I (Sergeant Mathew Burke) responded to assist in the call. Upon arriving Officer Buker was speaking to the male party identified as

Jonathan Zajac

I observed a female sitting on the front porch so I stood by observing her for officer safety. Officer Lamy also arrived and she spoke with the female party identified as

Jasmine Funkhouser

After Officer Buker and Lamy discussed their investigations it was determined that Zajac was the primary physical aggressor. Zajac was placed under arrest and taken to HPD. After he was released he wished to speak with an Officer so Officer Lamy went into the lobby to speak with him. I advised her that he had been read his miranda warnings and wished to have an attorney before speaking with us. After Officer Lamy spoke with him I explained the process for a civil standby and he waited in the parking lot for officer's to escort him back to the property to gather his belongings.

SUPPLEMENTAL NARRATIVE FOR PATROL DAVID SCARPINO

Ref: 16HKS-213-AR

On 5/10/16, I Ofc. Scarpino assist Ofc. Buker with booking an arrest that he had made. Ofc. Buker removed a glass smoking pipe off of JONATHAN ZAJAC. The pipe contained a green vegetative matter consistent to that of Marijuana. I conducted a field test using the NARK drug test kit. When I tested the vegetative matter, it came back with a positive test result for Marijuana. I package the pipe and filled out a evidence exam request form.

That ended my involvement. Nothing further.

SUPPLEMENTAL NARRATIVE FOR PATROL VALERIE LAMY

Ref: 16HKS-213-AR

On 5/10/16 I, Officer Valerie Lamy, responded to 9 Roy Drive to assist Officer Buker with a domestic disturbance. I arrived and Officer Buker was speaking to a male in the driveway and I observed a female sitting by the front door. I approached the female and identified myself and asked what was going on. She was hesitant at first and would not look away from the male that Officer Buker was speaking to. I asked her if she needed any medical attention and she stated that she did not. I asked her for her name and she identified herself as JASMINE FUNKHOUSER. She stated that the male was her boyfriend Jon, (later identified as JONATHAN ZAJAC

Jasmine then stated she wanted to give me some background on their relationship. She stated that she is a recovering heroin addict and used to work as a prostitute to support her addiction. She stated that was how she met Jon, through Backpage.com. She stated that she ended up falling in love with him and that she was trying to get her life together. She stated that she had moved in with Jon, but that he had become extremely controlling. She stated that he would not allow her to get a job, but would only let her work for him at his company which she did not want to do. She stated that some days she would work with him, but that he would make cruel and demeaning comments to her. Jasmine stated that she has no money of her own or any way of supporting herself. Jasmine stated that she knew that it sounded like she was being a "mooch" but that she was concentrating on her sobriety. She stated that she has a drug counselor and is in frequent contact with him.

Officer Buker then came over and Jasmine began to talk about what happened that day. She stated that Jon had come home and was upset that she was sleeping and picked up the mattress that she was sleeping on. She stated that he knocked several items off a table next to the bed. She stated that he also picked up the cage that her 7 month old chameleon was in and threw it. Jasmine stated that he would not let her leave the closet area so she punched him in the face to get him away from her. At that time Officer Buker continued to speak with Jasmine and I went further inside the house to speak to the landlord.

I made contact with the landlord SHEILA WORMALD. She stated that she and her husband FRANK WORMALD live in the house and they rent the room to Jon and Jasmine. She stated that Jon had lived there about 2 years and Jasmine a year and a half. Sheila stated that during that time she had witnessed John be extremely controlling over Jasmine. Sheila stated that she called because she was concerned for Jasmine's safety. I asked if she had seen anything, and she stated she had not but that she had heard the disturbance. Sheila stated that she heard yelling and it sounded like Jon was upset that Jasmine was sleeping and not working. Sheila stated she thought she heard Jasmine get pushed. I asked how she thought that if she could only hear what was going on, not see it. Sheila stated that she heard Jasmine scream and then say something like "I don't believe you did that to me." Sheila stated that she had heard them argue before, but as bad and she called because she concerned. She stated that she was now concerned about how Jon would react to her calling the police. I asked if he had ever threatened her or been violent to her before. Sheila stated that he had not, however her husband Frank addressed an issue with him at one time and Jon had been very upset and made a comment about how Frank must think he's king.

I returned to Officer Buker and advised him of what Sheila had stated. At that time Officer Buker walked over to Jon while I remained with Jasmine. Jon was placed into custody and Jasmine asked what was going on and stated that she had hit him. I explained to Jasmine that we had deemed Jon to be the primary physical aggressor. She stated that she was scared that Jon would be upset. I explained that it was the state pressing charges, not her and

SUPPLEMENTAL NARRATIVE FOR PATROL VALERIE LAMY

Ref: 16HKS-213-AR

that she had rights as a victim. I read through the NH Domestic Violence LAP Screen Form with Jasmine. During this time she answered that she knew he had guns in the past and believed he could get them again. She stated that he has tried to choke her in the past, that he is jealous and controlling and also that he spies on her by going through her phone and computer messages on a daily basis. When asked if she had ever left him before after living with him, she stated that she had and that he had threatened to kill himself if she did not take him back. While going through the screening she stated that she had done "things" in the past as well. She stated that she had been so fed up with his controlling behavior that she had told him that she would put rat poisoning in his food. After reading through the questionnaire with Jasmine I advised her that she screened in as being in a "high danger" situation and asked if she would like to speak to a crisis advocate. Jasmine agreed and I contacted the crisis center. I was called back by Jess from the crisis center who spoke to Jasmine and provided her with some information. I then went over the Hooksett DV Victim Rights Form with Jasmine and provided her with the blue form and went over the information on there as well. Jasmine was advised that Jon would be given criminal bail orders that would restrict him from coming to the house without a police escort and that he was not to have contact with her until the case was resolved in court. Jasmine stated that she was fearful for how Jon would react once everything was over. It was explained to Jasmine that she could apply for a permanent restraining order. I told Jasmine that if Jon contacted her in any way to contact us immediately. She was advised to call with any other questions or concerns.

While talking to Jasmine, Frank Wormald arrived home. Jasmine told him that Jon had been arrested and he stated he had been concerned for Jasmine's well being as well.

I returned to HPD to give Officer Buker the DV victim paperwork for the case. While at the PD, Jon was released and returned to the lobby requesting to speak to an officer. I was advised by Sgt. Burke that Jon had been read his Miranda rights and that he expressed he did not wish to talk without a lawyer. I went to the lobby and Jon stated he was in fear for his safety from his girlfriend and that he wanted to press charges. He then stated that a few weeks before Jasmine had threatened to damage his property so he bear hugged her from behind. He stated that she then hit him in the face until he let her go and he then threw her on the ground. I asked why he had not called us and he stated he should have. I told him that based on what he told me, he assaulted her on that occasion and her acts were of self defense. He also stated that Jasmine had told him she would poison him with rat poison. He first stated it happened several weeks ago and then stated that it happened that morning. I told him that I would not discuss the events of the day as he had already invoked his Miranda rights. He went on to say that we did not do a good enough job doing our investigation and he was again reminded that I would not discuss the open case with him. He was then advised by Sgt. Burke on what he needed to do for a civil standby. This ended my contact with him.

On 10/30/17 I, Officer Mannon of the Hooksett Police Department, at approximately 0950 hours was dispatched to 29 Auburn Road for a report of possible horse abuse. I was informed that an Auburn Animal Control Officer first received the complaint and was willing to assist with the call.

A short time later, I arrived at the residence and met with the Auburn Animal Control Officer who was identified as:

Jarlene Cornett

Cornett informed me that she received a phone call from a horse person in her town who was identified as:

Connie Mercier

Mercier reported to Cornett that on Saturday the 28th of October she noticed a horse by Auburn Road in front of #29. She was able to take control of the horse and went to the residence of 29 Auburn Road and knocked on the door to no answer. Mercier then walked the horse to the back yard of #29 Auburn Road where she put the horse in the stable. While placing the horse in the stable, she noticed two other horses in the stable as well. Mercier believed the horse she brought back to the stable and another horse were extremely thin and was concerned for the horses well being.

After gathering the information from Cornett, we both walked up to the residence at 29 Auburn Road and knocked on the door to no answer. As we both did not know the conditions of the horses and we were concerned for their well being, we walked to the back of the house and walked up some small stairs to a large opening where the 3 horses were contained in a wire fence.

Cornett immediately pointed out to me that the shelter area for the horse was a large tarp that would not be able to handle snow in the winter. I also noticed that the whole stable area was covered in mud and there was very minimal dry areas. I noticed that there were 3 horses in the stable and Cornett helped me identify the horses through certain marks. They are as follows:

Chestnut horse with small star
Chestnut horse with half blaze
Belgian workhorse

I noticed that the belgian horse appeared to be larger than the other two and appeared well. The two chestnut horses were extremely thin and the chestnut horse with half blaze had its rib line visible. Cornett explained to me that she rates horses on a number scale and that anything over a 6 is ok. She told me she would rate the Belgian workhorse as a 6, the chestnut horse with half blaze as a 2.5-3, and the chestnut horse with small star as a 3.5.

As we were checking on the well being of the horses, a male walked out of the house and was identified as:

Ethan Davis 05/24/96

Ethan explained to me that he lives at the house and that his parents own the house. I explained to him that we were there as one of the horses had gotten out a couple days ago and we were concerned for their well being. He

Ref: 17HKS-987-OF

told me that he was unaware a horse had gotten out. I asked him who owns the horses and he told me that his sister and mom own horses together and that one of the horses was his but he gave the horse to his sister. He identified his family members as:

Mom: Pamela Davis

Dad: Jeff Davis

Sister: Danielle Davis

Cornett asked Ethan if the horses had been feed today and he stated they were not. Cornett asked if the food and hay was in the back trailer and Ethan stated it was. We all then walked to the back trailer where Ethan stated the hay and food was stored. This location is directly behind the wire fencing. Ethan opened the trailer and inside was 1 bin of hay and a couple barrels which contained grain. Ethan started to put out some hay and placed the grain on top of the hay.

Cornett asked Ethan when the horses are usually feed and he stated once in the morning and once at night. Ethan stated that his dad is suppose to pick up more hay today. I took some pictures of the horses and stable and they were later uploaded to the computer under this case.

Cornett told me to contact Steven Sprowl of the SPCA and explained that he would assist me with the case. I was later able to make contact with Sprowl and I explained to him the conditions of the horses and what Cornett had told me. Sprowl told me that he would try to make it out on Thursday to check out the horses.

Later in the day, I made contact with Pam Davis and asked her about the horses. Pam told me that one of the horses has stomach ulcers and named the horse Sivad. She stated that the other chestnut horse is roughly 30 years old and is having trouble keeping on weight. Pam told me that this horses name is Medallion and that she had given the horse some weight boosters but when she did the horse would jump the fence and get out. The third horse she identified as Demara and stated that the horse has been doing well. Pam proceeded to tell me that they get hay once a week and always make sure that the horses are being fed.

At this time, I am waiting for Steven Sprowl from SPCA to check on the horses. Further investigation to be completed, nothing further to report at this time.

On 11/02/17 I, Officer Mannon of the Hooksett Police Department, met with Steven Sprowl of the NH SPCA at 29 Auburn Road. Ethan was home at this time and walked us up to the horse stable where Sprowl started to look at the horses and the stable.

Sprowl looked around the area and told me a couple things that he was concerned with. He stated that there was inadequate shelter as there needed to be something covering the sides to block the elements of the weather. Sprowl also stated that some trees, stumps, and trash that was inside the fenced in area where the horses are needed to be picked up. The water bucket needed to be cleaned, there needed to be more hay around the area for the horses to naw on throughout the day, and that the horses needed to be examined by a vet within a week.

Sprowl told me that if they could not get these things completed, he would come back out in a week with a vet to assess the horses.

On 11/03/17 I made contact with Pam and relayed the information from Sprowl to her. She told me that she would try and have the horses examined by a vet as soon as she could and that she would fix what needed to be fixed. She proceeded to tell me that they do put sides up in the winter and that she is concerned that Sivad is sick and they might have to put him down once a vet looks at the horse.

On 11/11/17 I, spoke with Pam and Jeff on the phone and they explained to me that the horses have been examined by Pembroke Animal Hospital and that Sivad had blood work completed and may have cancer. Pam stated that they did put up the sides for the stable, cleaned the area including the water and have plenty of hay and food for the horses.

They explained to me that they were out of town for the weekend and that Danielle was at the house with the horses. They told me if I wished, I could call Danielle or go to the house and speak with her. They stated that they would also send me paperwork from the Animal Hospital and would be available on the 18th if I would like to speak with them.

I received paper work from Pam showing an invoice that all three horses were examined by the Pembroke Animal Hospital. The paperwork was scanned onto the computer under this case.

On 11/18/17 I went to 29 Auburn Road and met with Pam. She brought me up to where the horses were staying and I noticed that the area was cleaned out. I also noticed that a large tarp was up to cover the side of the stable to block the wind for the horses. The water was cleaned out and she had fresh running water to the oversized bucket. There was hay spread out through the area and all three horses were gnawing at the hay. I looked inside the trailer where there was a large amount of hay and grain for the horses.

Pam told me that they are still waiting results of blood work regarding the horse Sivad and believe that they are going to put the horse down. She stated that it is difficult for them to put the horse down as Sivad had competed in many competitions with Danielle. They told me that they were most likely selling Medallion and would be boarding Demara at a different location.

I told Pam to keep me up to date if the horses are put down and exactly when she is going to board the other horse.

On 11/29/17 I called Pembroke Animal Hospital and they stated that they examined the three horses on 11/08/17. I was told that there was no notes indicating that the horses were neglected. They stated that Sivad had blood work completed and that they returned to the residence this week to put the horse down.

I attempted to make contact with Pam and was unsuccessful.

On 12/3/17 I attempted to make contact with the Davis' again and was unsuccessful.

On 12/11/17, Pam sent me an email showing an invoice for euthanasia for Sivad. I asked her for the paperwork for the other horses as well and she informed me she would get it to me.

A few days later, I still had not received paperwork and went to the residence but no one was home.

On 12/29/17 I sent Pam another email regarding the paperwork showing that the other horses were sold or placed in boarding and she stated she would dig up the paperwork and get it back to me.

On 01/08/18 I still have not received an email from Pam. The family did complete all tasks asked of them to properly care for the horses and I ask that this case be closed as no crime occurred. Pam was notified that we would not be moving forward with charges of animal cruelty against her.

VET INFO FROM SOUTH WILLOW ANIMAL HOSPITAL Attachment#: D1CD96648A8B4C2E9F2B6A3D1C9F913E	PDF

On August 26, 2017 at approximately 1434 hours, I, Officer Minihan of the Hooksett Police Department was dispatched to Ruff To Fluff Dog Grooming located at 1238 Hooksett Rd for a report of animal neglect and/or abuse called in by,

Elizabeth Jackson

Upon arrival, I met with Jackson and the owner,

Laura Carignan

Carignan stated,

Stacey Morin

Had dropped off her Lhasa Apso dog, Boston to be groomed around 1200 hours. Carignan stated Boston was extremely matted and toes nails were over grown. Carignan stated when Jackson was shaving Boston, his tail fell off. After examining it further they realized that his hair grew around the tail. When the tail became matted it cut the circulation off at the end causing it to die and fall off. They showed me the detached tail and you could see where the bone was in the matted hair. I looked at Boston's tail and saw that it was red and appeared to be healing. When I tried to touch it, Boston would whimper and try to hide his tail.

Jackson showed me photographs of Boston before he was groomed and Carignan showed me the client card. The client card showed me that Morin would bring Boston in twice a year to be groomed. Carignan stated that Lhasa Apso dogs needed to be groomed every six to eight weeks due to them having hair and not fur. Carignan stated getting groomed so often prevents the hair from becoming tangled and eventually from becoming matted. Carignan stated that dogs with that have matted hair are in pain because it is constant pulling on their skin.

Carignan also stated that last year she had advised Morin to take Boston to the vet due to his distended stomach. Carignan stated that Boston's stomach was extremely large and hard to the touch.

I took photographs of Boston and took photographs of his tail to enter into evidence. I had Carignan contact Morin to let her know Boston was ready to be picked up.

Once Morin arrived I introduced myself to her and explained why I was there. Morin stated that she works long hours and her daughters are the ones that take care of Boston. Morin stated that Boston does not like being brushed. I asked her if she realized that his tail was injured and when the staff were shaving him it fell off into the groomers hands. Morin stated that Boston had been babying the tail and thought that it was just extremely matted hair and didn't realize that his tail had actually fallen off. I advised her that it was also her responsibility to take care of Boston and brush him too especially when he gets severely matted. Morin stated that Boston does not like to be brushed. I advised her that she needs to show Boston that she is the boss and not him because he probably does not like it because his hair is so tangled. I also advised her maybe bringing him more than twice a year to get groomed would be better. Morin stated she thought Boston had banged his tail and hurt it which was why he was babying it. I advised her even if that was the case she still should have brought him to the vet to get checked out.

I then asked Morin about Boston's distended stomach. Morin stated that she had adopted Boston from a friend

back in 2010. Morin stated her friend never disclosed that Boston was in the beginning stages of a heart issue. I asked her what the heart issue was and she stated she couldn't remember but stated Boston needed at \$5,000 dollar surgery to help him but they couldn't afford it. I asked Morin what vet she brings Boston to and she stated South Willow Animal Hospital located at 373 South Willow St in Manchester, NH. I advised her that she needs to provide me proper paperwork in regards to the heart condition and strongly recommended her to schedule an appointment with the vet for Boston's tail.

On August 29, 2017, Morin took a picture of the last vet visit Boston had which was added to the report. Morin also advised me she would be contacting the vet on Monday, August 28, 2017 to set up an appointment. I then attempted to contact South Willow Animal Hospital to speak to them in regards to Boston's medical health and to confirm that Morin had made an appointment to have the tail looked at. They do not open until 1300 hours on Tuesday's so I left them a voicemail.

I will be speaking with Prosecution to see if there is enough probable cause to go forward with animal cruelty charges for neglect.

On August 30, 2017 at approximately 0830 hours, I contacted South Willow Animal Hospital and spoke with Boston's vet, Dr. Jessie Neveu. Dr. Neveu stated Morin first brought Boston in for a check up to their Animal Hospital was May 2016 and yesterday, August 29 was his second vet visit. Dr. Neveu stated that Morin first brought Boston in due to him passing out. Dr. Neveu stated that is when it was discovered that Boston had a heart murmur and they had made a follow up appointment with a cardiologist which Morin never went to. Dr. Neveu stated that Boston was also diagnosed with Lymes disease which they never purchased the medication to help stop the symptoms. Dr. Neveu stated Boston's stomach has been the same size since his first visit in May 2016 and they just conducted some blood work. They are unable to determine why his stomach is so distended until the blood work comes in. Dr. Neveu also stated that Boston has lost a significant amount of muscle this past year.

I asked Dr. Neveu in regards to Boston's tail. Dr. Neveu stated that approximately two to three inches of the tip of Boston's tail had fallen off. Dr. Neveu stated that there was bruising around the tip and there was still an open wound. Dr. Neveu stated she sent them home with cleansing material for the open wound. Dr. Neveu stated she spoke to them in regards to setting up another appointment for follow up for next week but they never scheduled an appointment. Dr. Neveu will be emailing me the doctors notes on Boston so I can add them to the report.

I spoke with Prosecution and they advised me to forward this neglect case to the Manchester Animal Control Officer since Morin is a resident in their city. I will be forwarding this case to Animal Control Officer Vogler in Manchester.

On September 5, 2017 I faxed a copy of the report to Manchester Police and I advised them it needed to be forwarded to Animal Control Officer Vogler.

No further action taken.

NARRATIVE FOR DETECTIVE BRIAN WILLIAMS

Ref: 17HKS-419-OF

DETECTIVE BRIAN WILLIAMS 73

While investigating case 17HKS-358-OF, I received information from juvenile P.B. in a forensic interview on 5/4/17, that her stepbrother, juvenile C.M. had put her mother's cat, Bandit in the freezer. Upon further questioning, P.B. advised that C.M. had put the cat in the freezer more than one time and he would do it when he was mad at her mother. C.M. would put the cat and a timer in the freezer and shut the door. P.B. also advised that C.M. would give the animals chocolate knowing that it was not good for them. P.B. also said that C.M. would give the cats "flying lessons". When asked to explain what that was, P.B. said that C.M. would hold the cats up in the air, drop them, and kick them. She said that he has done this more than one time. P.B. also stated that C.M. would play with the cats and purposely make them run into a wall or the wood stove.

On 5/9/17, I called Sarah Mahair to speak with her about the incidents with the cat. Mahair stated that on 1/18/17, she came down stairs after arguing with C.M.'s father. C.M. was dancing in the kitchen and eating peanut butter instead of being in bed as he was supposed to. She lectured him about his behavior and C.M. told her that Bandit was in the freezer. She opened the door and the cat jumped out. She questioned C.M. and he told her that there was three other times that he had done this because he was mad at Mahair.

On 5/17/17, I spoke with Mahair to confirm ownership of the cat. She advised that she did own the cat, but did not want to press charges against C.M.

I am recommending that this case be suspended due to Mahair not wanting to go forward.

#	OTHER PROPERTIES	PROPERTY #	STATUS
---	------------------	------------	--------

1	ANNIE- ENGLISH SETTER QUANTITY: 1 SERIAL #: NOT AVAIL DATE: 09/19/2016	VALUE:	Suspected
---	---	--------	-----------

On September 16th, 2016 at approximately 1853hrs, I Officer Czarneck#87 was dispatched to 502 West River Rd. #85 to investigate a possible case of Animal Cruelty reported by SAMARA GAGNE.

The call indicated that Samara believed that the dog in this case an English Setter named Annie had not eaten in about one week. It was also advised that she had taken the dog to the veterinarian and that the dog appeared emaciated with skin issues and hair loss. I was informed that the dog had received medication from the veterinarian and that she did not believe the dog was taking the medication as she was advised the dog was not taking the medication by her neighbor's son.

I arrived on scene and was able to observe the dog from a front window that was opened. The dog appeared to be moderately underweight, and had a severe issue with the skin, as the dog had an extensive amount of hair missing, leaving a large amount of skin exposed. The dog was barking and moving around without issue and during my time on scene did not appear to have any other medical concerns beyond the skin, weight issue, and a possible ear infection that was brought to my attention by the son of the dog owner CONNOR FERGUSON

After my observations of the dog, I was able to speak with Connor outside the residence on the front steps. I asked him why the dog looked the way it did. He informed me that the dog suffered from a skin condition which she was currently prescribed and taking medication for. He also informed me that the dog was suffering from an ear infection which he believed was no longer in effect. He was able to show me the medication the dog was on when I asked. I observed a green bottle of pills issued from the Allenstown Veterinarians Office. This bottle indicated the medication was APUQUEL 16mg tablets, and prescribed to the dog Annie. I observed two dates, one of which I believed was the issued date: 09/02/16 and the other which was the expiration date: 02/28/17. Connor advised that the dog was taking half a pill a day. He also showed me medicated shampoo for animals, a bottle of Aveeno which he advised they used for her skin condition as well, and a bottle of an ear cleanser for her ear infection.

I then asked Connor if the dog was being adequately fed. He informed me that she was and I was let into the residence where I observed at the very front near the door on the floor to the immediate right of the steps two bowls. One bowl had a minor amount of dog food in it and the other was a water bowl that was empty but was filled while I was on scene. Next to the bowls was a large blue container that was filled approximately halfway with dog food. When I was in the front of the entrance the dog was standing on its hind legs and placing its front paws and its nose on my leg in an attempt to gain attention, appearing to act as a normal dog.

I asked Connor where his father was and he informed me that was currently out picking someone up that was coming in from Michigan. This concluded my conversation with Connor and shortly after his father GEORGE FERGUSON had arrived on scene. I was able to speak with George in the parking lot area. I informed him of the nature of the report and asked him what was going on with the dog.

George informed me that he was advised by the veterinarian that the dog suffered from allergies which were causing the skin condition. He informed me that the veterinarian advised that these could be cause from the environment the dog was in and that the condition comes and goes. He also informed me that she does suffer from ear infections from time to time which he was informed by the veterinarian is normal for dogs with floppy ears such as Annie's.

I asked George if the dog was being adequately fed and cared for and he informed me that she was. I informed him that in this case if the dog was being cared for and fed than the appearance was most likely from the symptoms. I did inform him that if this was not the case then there was a possibility of neglect which could lead to animal cruelty charges. He informed me that he was not neglecting the dog. He informed me that he had spent \$6,000.00 for 2 surgeries for the dog and advised that he would not have spent that much money on an animal that he would neglect. He informed me that the dog had eaten corn on the cob which caused the surgery. I informed George that I would follow up with the veterinarian and contact him if there was any further need.

I was then able to speak with the reporting party Samara on the front steps to #82. I asked her what led her to believe the dog was being neglected. She informed me that she had been the one who noticed the dog's condition, and that she had taken the dog to the veterinarian due to her condition and purchased the medication. She informed me that she was told by Connor that the dog had not eaten in a week, and that they do not bathe the dog properly as required or give the dog its medication as required. I asked her what led her to believe that the dog had not actually eaten in a week.

She informed me that today Connor was out walking the dog. She informed me that he had talked to her outside and asked her for food. She informed me that Connor advised that they did not have any. She informed me that her husband DEAN GAGNE had questioned Connor. She informed me that he asked Connor if Scott (George) had purchased any food for the dog since they had given her back and she informed me that Connor informed him that they have not. I asked her to explain to me why she believed the dog did not have food for a week.

She explained to me that they had watched the dog for George for about a week. She informed me that they had returned the dog on Friday 09/09/16. She informed me that when they returned the dog they had returned her with two cups of dog food inside her food bowl, and the empty blue bin which I observed inside #85 as noted above. She informed me that she believed this was all the food they had because she was informed by Connor that no food had been purchased for the dog since she was returned to them on Friday 09/09/16, this being the reason he was asking her for food. She also informed me that she was aware the family had some personal matters they were dealing with, and that she would be willing to take the dog if they would consent.

On September 19th, 2016 at the beginning of my shift I spoke with the Practice Manager RICHARD WATKINS for the Allenstown Animal Hospital. He was able to review some information for the dog Annie.

He informed me that the dog is suffering from an extensive skin condition. He was also able to tell me that the English Setter breed tends to weigh light. He informed me that Annie has a history of visits with their office in which she has always weight between 40-45lbs. He was able to inform me that the last time the dog was seen was April 21, 2016 and she weighed 47lbs. He also informed me that the dog has been seen by a Doctor O'Connell.

Due to this information I do not believe that Annie is being subject to animal cruelty. Whether or not she is being taken to the veterinarian by Samara or George she is being medically treated. I did not observe the dog to be detrimentally underweight and she did appear to weight around 40-45lbs. I have advised the reporting party Samara that I would recommend this case to be closed and to keep an eye on the dog if she feels the medical condition or weight of the dog does worsen due to neglect then to report this. At this time I do not believe there is enough probable cause to determine that the dog Annie in this case has been subject to neglect. I recommend this case be closed.

NOTHING FURTHER TO REPORT.

EMPLOYER:

On August 20th, 2016 at approximately 1003hrs, I Officer Czarnec#87 was dispatched to the lobby to speak with MARY FOWLER for a report of cruelty to animals. I spoke with Mary in the lobby who informed me that she believed LINDSEY KNIGHT had neglected her three cats. Be advised prior to this call I was informed of a dispute between Lindsey and Mary that occurred on 08/19/16, Reference call #16-12477. This call stated that Lindsey had alleged the cats were stolen from her by Mary, and that Mary had returned the cats to her, and that Lindsey did not wish to press charges at that time.

I asked Mary what was going on. She informed me that Lindsey had lived at 5 Bert St. off and on but, to her knowledge had not lived there for at least the past year. She informed me that during this time the three cats that Lindsey claimed ownership of, were left outside. She informed me that she did not believe they were being fed or taken care of as she noticed the cats were skinny, and often times covered in ticks. She informed me that during this past year or so the cats had been going to her house, and she had been feeding them outside. She informed me that she did take one of the cats in, and cared for the animal because, she believed its condition to be detrimental. She also informed me of how the cats were given back to her the night prior and that the police were involved. She informed me that she was worried the cats would not be properly cared for if left in Lindsey's custody.

I asked Mary if she called the ASPCA, and she informed me that she did, but it was \$20.00 per animal for the ASPCA to come and attempt and care for or retrieve the other two cats, which she felt was too much money. I asked her why she had only taken one cat in to her house, and she informed me that it was because the other two were skittish. I informed her I would try and observe the cats to determine if there were any signs of neglect.

I then was able to speak with Lindsey via telephone. I asked her if she could tell me about the alleged complaint of animal cruelty against her being that she was reported to have not been living at 5 Bert St. for about a year, and the cats were left outside and uncared for. She informed me that her ex-boyfriend KURT LUDWIG had her arrested last year around November, and she left 5 Bert St. and lived with her mother for approximately three to four months. She informed me that during this time she had taken one cat with her, Kurt was taking care of the other cat, and she did not know the where about of the third cat, and assumed it was either missing or dead.

She informed me that after the three or four months she had moved back to 5 Bert St., and began taking care of the cats there once more. She informed me that the cats are outdoor cats, and that they come in and out of the house periodically, and will either stay for a day or a night, maybe a few days and then go back outside. She informed me that this varies because they like being outside. She informed me that there is food, water, liter, and toys provided for the cats when they do come inside.

I asked her about the ticks. She informed me that one of the cats has long hair, and obtains ticks all the time. She informed me there is another one with short hair who also picks up ticks. She informed me this is because they are always outside. She informed me that she and Kurt constantly pick they ticks off of the cats.

I asked her why the other party would claim they cats are malnourished. She informed me it was because she was, "insane." She also informed me of the incident for call#16-12477, in which she claimed Mary had stolen her cat(s) and she had asked Mary for her cats back. She informed me Mary had initially refused and that it was only when there was police interference did Mary give her cats back. I asked her where she got the cats from and when, and she informed me she got them from the Bedford Animal Shelter approximately 1.5-2yrs ago. I asked her if they were properly vaccinated. She informed me that were vaccinated when she got them but, had not been vaccinated since. She also informed me that all of the cats were neutered. I asked her when the next vaccinations were due, and she was unsure.

I asked her if the cats had any sort of I.D. tag on them, and she informed me that they do but, the cats end up taking these off. She informed me that she was on her way to 5 Bert St. today and would be there within the hour or so, as was Kurt. She informed me that her intentions were to take the cats and bring them with her to her

new apartment. I asked her if I could meet her there to take a look at the cats to determine whether or not they were okay, and she informed me that I could.

I was then able to speak with Kurt via telephone. I asked him if the cats in his opinion had been neglected. He informed me something along the lines of, not really, I think it's because they want the cats and that one of them has been over there for more than a year. He informed me that the cats are outside a lot and sometimes they don't come back. I asked him if they have food water and litter provided for them and he informed me there was.

I later proceeded to 5 Bert St. and met with Kurt at the residence who let me inside to allow me to see the cats. All cats appeared to be in good health as they were actively moving and running around. One cat appeared to be slightly underweight however not as much as to be detrimental to the cat's health. Kurt informed me that this cat was usually slim in appearance. While on scene I was able to speak with Lindsey via telephone. I informed her that at this time the cats appeared to be fine however, that the one cat that appeared to be slightly underweight and it would be best if the cat was monitored and properly cared for her by her. She informed me that this would be done, and that she was moving to an apartment in Manchester, and that the cats would no longer be outdoor cats.

I then proceeded to 14 Bernice St. and spoke with Mary. I informed her that it did not appear there to be probable cause to determine cruelty to the animals had taken place. She informed me that she was upset because of the amount of time being approximately on year that she cared for the cats. She informed me that only one was in the house and the others would eat food off of their steps and or porch. She informed me that during the winter months of last year was when the cats appeared to be of poor health. She also informed me that her daughter had photographs and video of this.

I then proceeded to Supercuts here in town and spoke with TRISHA MARCOTTE (FOWLER) She was able to show me two videos and one photograph. She informed me that one video was of the cat that they had taken in because, the cat could barely move. She informed me that she felt if the cat was left outside for a few more days it would have most likely died. She informed me that the photographs was of the cat I referred to as the skinniest of the three, and that the cat was extremely skinny to the point where when it was pet, you could feel the bones and joints. I informed her that I observed the cat today and that this cat did not appear to be as skinny as she had claimed.

She showed me a video of the cat they had taken in which was of the cat sleeping and she informed me that this was the cat not being able to move. The animal did appear to be sleeping and could possibly have been in a fatigue state but it was difficult to determine the extent of the animals' health by this video. She also showed me a picture of the cat referenced as the skinniest of the three, eating outside at their house. In this photograph the cat appeared to be slightly underweight, however, it is difficult to determine the level of health for this animal via the photograph. This imagery and footage was sent to my email and added to a disc which was entered into evidence.

When speaking with Trisha she informed me that she did feel the animals were neglected. She informed me that Lindsey was not around and/or caring for the animals since January. She informed me that this was around the time that she and her family had taken one of the animals in and cared for the others. She informed me that around February or March was when she spoke with Kurt and advised him they had one of the cats. She informed me that he informed her just to keep the cat because it was difficult for him to care for the animals due to work.

At this time it is difficult to determine probable cause based on the evidence I currently have. I cannot determine any signs of neglect or the actual level of health for the cats via the photograph and videos issued to me. It is difficult to determine whether or not the animals were intentionally neglected, as they are outdoor cats, and were able to go to the residence and leave on their own. Furthermore, due to the dispute between Mary and Lindsey it is difficult to rely on the credibility of the reporting parties claim.

At this time I recommend this case be closed as Lindsey the cats appeared to be in good health when I

NARRATIVE FOR PATROL JEFFREY J CZARNEC

Ref: 16HKS-665-OF

observed them, and Lindsey informed me that she would be taking all of the cats with her to her residence in Manchester where she would properly care for them.

NOTHING FURTHER TO REPORT.

SUPPLEMENTAL NARRATIVE FOR PATROL JEFFREY J CZARNEC

Ref: 16HKS-665-OF

On August 26th, 2016 at the beginning of my shift, I spoke with Mary Fowler. I informed her that there was not enough probable cause to pursue charges in this case. She informed me that she had contact the Bedford ASPCA, as well as Manchester Animal Control as she was aware where Lindsey was moving to in Manchester.

NOTHING FURTHER TO REPORT.

Re: Request for Information from
Governor's Commission on the Humane Treatment of Animals

Dear Attorney Hathaway;

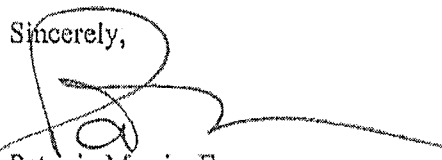

Pursuant to Executive Order 2017-04 dated August 17, 2017, the Governor's Commission on the Humane Treatment of Animals, pursuant to the direct order of Governor Sununu, is to prepare a biennial report ("Report") on the number of animal-cruelty related convictions and cases, including investigations. We are in the process of preparing such Report for 2016 and 2017.

As chair of the Governor's Commission on the Humane Treatment of Animals, I hereby request the following information be provided to the Commission in the next 30 days:

Incident Status Report(s) ("IMC") regarding any and all investigations and/or charges of animal cruelty (including but not limited to RSA 435, 437, 644:8, 644:8-a, 644:8-aa, 644:8-c, 644:8-d, 644:8-e, 644:8-f, 644:8-g), by any and all New Hampshire law enforcement branches in your County and under your jurisdiction, including the county sheriffs' offices, and all municipal police departments.

We request all information not protected as confidential on these investigations and/or charges be provided so that we can properly and thoroughly prepare the Report to the Governor.

I am happy to answer any questions regarding the above request. Thank you for your prompt attention to this matter so that we can properly prepare the report for the Governor.

Sincerely,

Patricia Morris, Esq.
Chair of the Governor's Commission on the Humane Treatment of Animals

2104331_1.docx

Send copies of this request to all city L.E. including WHP
+ Sheriff's Office
Ask on response in 20 days.

1 Animal Complaint

NARRATIVE FOR LIEUTENANT CRAIG M ROBERTSON

Ref: 16N-155-OF

Newport Police Department
Supplemental Report

16-155-OF

Lieutenant CRAIG M ROBERTSON

02/19/2016

02/19/2016

I had a message at work to call a Tara Turcogorge at the Department of Agriculture reference to a animal complaint that Sgt. McLeman was handling. I did some follow up on the call from last night and then called and spoke to her about it. I advised her that the complaint was that they had no food or water and the fur was falling off the sheep in clumps. I advised her that Sgt. McLeman had spoken to owner Kevin Widmer and was advised that he feeds them every morning Alfalfa squares and there was water out for the sheep. With that information and not seeing the sheep she said it was probably one of a couple things. One being they had lice or mites which are common this time of the year and or they have not been sheared in a long time. I advised her that we would follow up with the owner this afternoon and advise him. Tara said she would be in the area on 2/29/2016 and if conditions have not changed she would go with us to take a look.

I later found out that we had photos of the animals and I called her back and obtained her email and they were sent to her via email. I also learned from Sgt. McLeman that the animals were not sheared last summer either. I will wait for the response from Tara on what she would like us to do next.

Lieutenant CRAIG M ROBERTSON

Approving Officer

NARRATIVE FOR SERGEANT CHARLES M MCLEMAN IV

Ref: 16N-155-OF

On 02/18/2016 around 1618 hours Laura Robbins came into the PD to complain about Kevin Widmer not feeding his sheep or giving them shelter. I spoke with Laura in the front lobby interview room. Laura advised me that Widmer has three sheep in his field and for the last month she hasn't noticed him feeding them or giving them water. Laura also advised me that the sheep's wool is falling off and it appears that the sheep are eating wool off each other.

I went to 18 Allen Street and spoke with Widmer and advised him that one of the neighbors had concerns about him not feeding his sheep. Widmer advised me that every morning he feeds the sheep alfalfa squares and that he gets the food from Runnings. I explained to Widmer that someone had said the wool was falling off the sheep and he advised me that he didn't shear them last summer. I asked if I could walk down to the pasture and look at them and Widmer advised me that I could. I walked down to the fence line of the pasture and noticed that the sheep had water and a small wooden shack for shelter. I also noticed that on the backs of the sheep the wool was starting to fall off. I took photographs of the sheep and the pasture.

I went back to the PD and called the Department of Agriculture, which was already closed, and left a voicemail to call the PD back so we could ask some questions about sheep.

Lt. Robertson and Officer Boone took over the investigation.

Sergeant CHARLES M MCLEMAN IV

SUPPLEMENTAL NARRATIVE FOR PATROL OFFICER JOSHUA P BOONE

Ref: 16N-155-OF

Newport Police Department
Supplemental Report

16-155-OF

Patrol Officer JOSHUA P BOONE

02/26/2016

02/19/2016

On February 26, 2016 at approximately 0843 hours, I went to Kevin Widmer's residence at 18 Allen Street to photograph his sheep at Lt. Robertson's instruction. Lt. Robertson informed me one of the sheep had died during the night. I spoke with Widmer and told him I was there to photograph the sheep and I had heard that one of them had died. Widmer stated that one sheep had passed away and he said that it had been 14 years old. Widmer stated that sheep only typically live to be 12 years old. Widmer stated that this sheep had given birth to 26 lambs in its life time, having twins each time it had given birth. Widmer stated he was going to remove the deceased sheep today. I photographed the deceased sheep as well as the other two sheep that were still alive to include with this report.

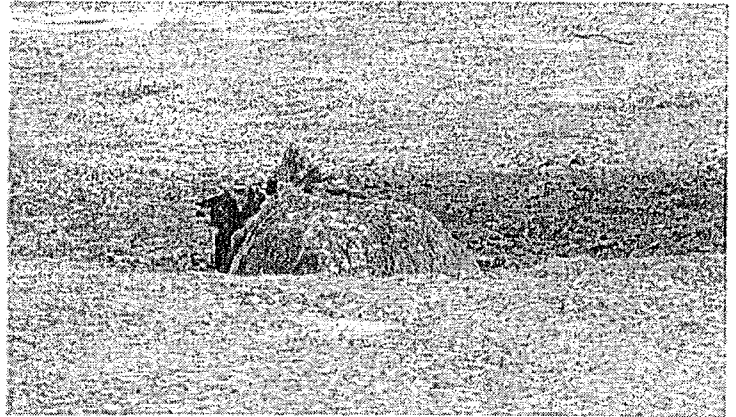

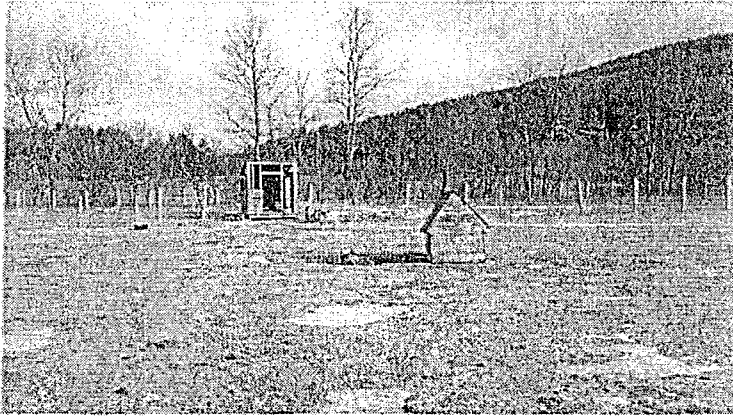

At approximately 1000 hours, I drove by Widmer's residence and the sheep was no longer in the field and Widmer had removed it like he said he would. I photographed the area where the sheep had been to include with this report to show that he had removed it. Laura Robbins who lives across the street had seen my cruiser and came out and wanted to speak with me. Robbins stated Widmer had just removed the dead sheep shortly before I arrived. I told Robbins that I was aware that it had died and had been here earlier in the morning to photograph it. Robbins stated that the sheep wouldn't keep dying if we would do something about it. I told Robbins that Lt. Robertson and Sgt. McLeman were aware of the issues and were dealing with it and the State Vet would be coming Monday to look at the sheep.

At Lt. Robertson's request, at approximately 1052 hours I spoke with Widmer via telephone and informed him that the State Vet would be coming on Monday, February 29, to look at the sheep. Widmer thanked me for the heads up. This ended my involvement in the matter.

On March 3, 2016 at approximately 0950 hours, I called Kevin Widmer and left a voice message informing him that myself and a veterinarian from the State would be coming to his residence shortly to evaluate the sheep. I then drove to Widmer's residence and Veterinary Technician Tara Turcogorge from the NH Department of Agriculture, Markets & Food followed me there. Widmer was not home and we couldn't see the sheep in the area I had last seen them. At approximately 1002 hours, Widmer called Dispatch asking for me. Widmer informed Dispatch that we wouldn't find the sheep or any animals. Widmer stated he put them on Craig's List on Saturday (February 28, 2016) and he got rid of all of his animals. Turcogorge stated that was probably for the best and she was satisfied with this. Nothing further needs to be done regarding these sheep with NPD or the State at this point. I also spoke with Robbins and she stated she had seen Widmer getting rid of the sheep and she was also satisfied with this outcome. This case can be closed at this time.

1756 JPB OFF AT 182 JOHN STARK ON A FOLLOW-UP

Narrative:

I spoke with Davis and he claimed that Charles was never home and was leaving the dog alone all the time. I called Charles and she stated she was home with the dog and I could come over to look at it. I went to her residence and she was there with the dog. The dog appeared to be healthy and in good shape. Charles stated that she feeds the dog twice a day, before she goes to work and later when she gets home. Charles did state that her boyfriend lives in Acworth so she does spend some nights there with him, but she always feeds and gives the dog water before she leaves and when she gets home. Charles also stated that she works in Newport and comes home during her lunch break and sees the dog. I didn't find any issues with the dog and I called and informed Davis of such. I informed Davis that any issue regarding whether he or Charles owned the dog would have to be settled in court. No further NPD assistance needed at this time.

1	ORCUTT, KRISTIE [REDACTED] NEWPORT NH 03773 DOB: [REDACTED]	REPORTING PARTY	F	W	33	[REDACTED]	[REDACTED]
---	--	-----------------	---	---	----	------------	------------

On 7/13/16 I assisted patrol and responded to the area of the trail head behind the Rec Center for a report of an abandoned dog. Dispatch advised that the caller reported finding a German Shepard tied to a tree in the area.

I responded and met with Kristie Orcutt. Kristie stated that she found the animal down by the river. The animal was a full grown, male, German Shepard. It was wearing a collar but had no tags. The animal was friendly and it was apparent that he had been stray for quite some time. The hind quarters of the animal and his tail had no hair on it. The skin appeared either infected or sun burnt. There were also some minor looking injuries in the area of his throat.

I took custody of the animal and placed it in the cruiser without incident. I transported the dog to NPD where he was later transported to Pleasant Lake Vet in New London.

On 7/18 I called Pleasant Lake Vet to inquire about the dog. I was told that they hadn't yet scanned the animal for a microchip but they would be doing that later today.

On 7/19 I again called Pleasant Lake Vet to inquire about the dog. I was told that the dog did not have a microchip and was being treated for mange. They stated that they anticipated finding a foster family to adopt the dog.

 Narrative:

JPB OUT DEALING WITH A DOG LOCKED INSIDE A CAR

Narrative:

While in the Shaw's parking lot taking the previous accident report, a female approached me and told me a family went into Ocean State Job Lot and left their dog in a black pickup truck. I found the dog and it was barking. The windows were rolled down several inches but I was still concerned about the dog. I went into Ocean State Job Lot and an employee made an announcement and Peloquin met with me outside. He apologized and stated he would stay out with the dog while his wife shopped.

OFFENSE(S) ATTEMPTED TYPE CLASS

LOCATION TYPE: Residence/Home/Apt./Condo Zone: NEWPORT-EAST

On Wednesday November 9th I went to 18 Allen Street with Tara Turcogorge of the NH Department of Agriculture to perform an animal inspection and to photograph the animal(s). Meeting us at the residence was Michelle Avery and (later) Kevin Widmer.

Turcogorge asked Avery if she could perform an inspection on the horses due to an anonymous complaint which Avery consented. During the inspection one of the three horses appeared to be malnourished. Turcogorge had a lengthy discussion with Avery which I heard Avery inform Turcogorge that the thin horse was a recent rescue and it actually had improved over the past few weeks.

I photographed the scene and incorporated those photos into this report.

During the inspection Turcogorge informed Avery the shelter was not sufficient to house 3 horses per NH RSA. According to Turcogorge the shelter was only large enough for one horse and that needed to be addressed ASAP. Avery stated she would.

Turcogorge informed Avery that she would return in 4 weeks to perform another inspection to make sure the thin horse had gained weight and the shelter issue was being addressed.

Turcogorge then inspected the hay and grain that Avery uses and was satisfied with what she had observed.

This ended my involvement in this case.

Detective SHAWN L HALLOCK
11/08/2016

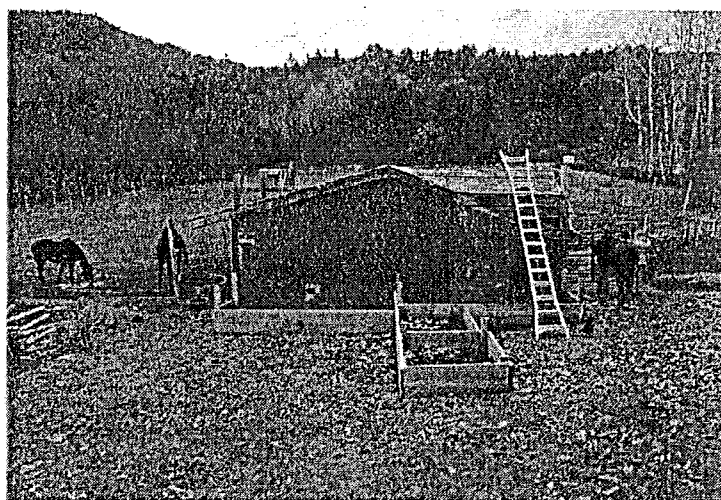

SUPPLEMENTAL NARRATIVE FOR DETECTIVE SHAWN L HALLOCK

Ref: 16N-898-OF

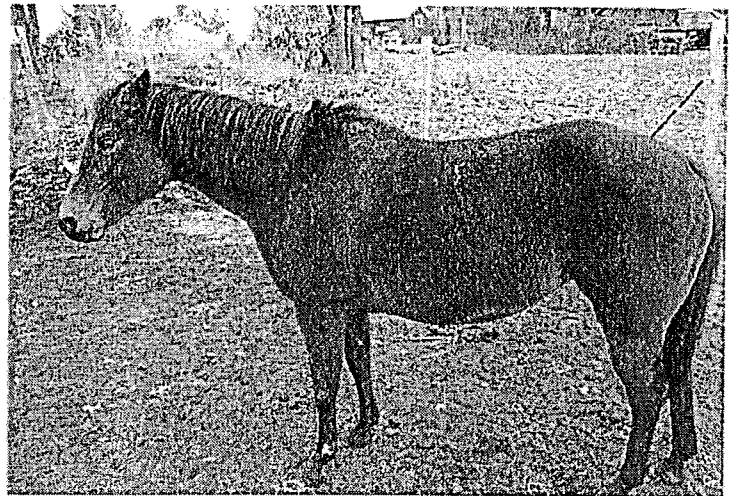

On January 27th 2017 I recieved an email from Turcogorge advising she had performed an inspection at the Avery residence the day before and all issues had been fixed. Refer to atatched email for specifics.

This case can be closed. SLH

1	CONFIDENTIAL						
---	--------------	--	--	--	--	--	--

On 1/9/17 I was working patrol. I was dispatched to Spring Brook Rd for a report of animal cruelty. Dispatch advised that the complainant, [REDACTED] wished to speak with me at her residence first. I responded to [REDACTED] residence and met with her. [REDACTED] stated she wished to remain anonymous and did not want to start issues with her neighbors. [REDACTED] pointed out a house up the street from her residence and stated that two dogs remain outside at this residence all the time. [REDACTED] also mentioned that one of the two dogs is constantly off property and in the street as well.

I observed two dogs, a boxer and a spaniel in the yard. Both dogs appeared well cared for and were standing alert as I slowed to a stop in front of the house. The dogs did not appear to be cold or shivering. [REDACTED] advised that the boxer was contained by an invisible fence but the spaniel often comes into the street. I noted that the residence was 8 Spring Brook Rd and it was a trailer. Part of the trim around the bottom of the trailer was removed, because of the snow on the ground, I could see that the dogs had left tracks in the snow as they came and went from this hole under the trailer. I advised [REDACTED] I would speak with the owner but without a witness statement from her, I could take little action. I further noted that the temperature at the time of the call was 13 degrees. The weather had indeed been cold for several days.

I later checked IMC and found the resident of the trailer was Alisia Godsoe. I called and spoke with Alisia. I advised Alisia that I had been on patrol on Spring Brook Rd and noticed her dogs outside. I asked Alisia about leaving them outside all day and she stated that she does not leave the dogs outside when she goes to work. I asked Alisia about the hole under the trailer. Alisia stated that the opening is for the dogs to go under the trailer. Alisia stated that the hot air ducts for the trailers heat keep the underneath fairly warm. I also spoke with Alisia about her spaniel coming out into the roadway. Alisia stated that she needed to buy another electronic collar for the spaniel and she claimed to be purchasing it next week. I advised Alisia that I did not want to see the dog get hit if it was in the roadway and that she could receive a citation if the dog is seen off her property by itself. Alisia stated she understood.

At this time, it appears as though animals have an accessible area to get under the trailer for warmth. No police action necessary at this time.

Narrative:

SMALL DOG TIED OUTSIDE FOR OVER AN HOUR

Narrative:

On arrival at 30 Middle St located a chihuahua tied up in the back yard. The dog started barking when I pulled into the driveway. I did see a small bowl that was possibly for water, that had been overturned. The dog seemed fine. I spoke with the 88 who said that this isn't normal for the dog to be out this long, however nobody was home. She said that the dog is well cared for, she was just worried that it had been out so long. I explained options for the barking. She said she didn't want to get them in trouble, and was all set.

 Narrative:
 REPORTING THAT THE PEOPLE THAT LIVE IN THE WHITE APARTMENT BUILDING ACROSS THE STREET FROM HIM HAVE A DOG THAT HASN'T BEEN LET OUT FOR DAYS. HE STATES THAT HE DOESN'T THINK THAT THE DOG IS BEING FED AND NO ONE HAS BEEN HOME. THE DOG HAS BEEN BARKING ALL NIGHT

Narrative:
 On arrival spoke with the 88 who said he went to 133 Sunapee St to speak with Arnold Desrosiers. He said when he knocked on the door the dog in the apartment across the hall barked. He said that he has seen them coming and going from the apartment daily, however they aren't there for long periods. He pointed out the vehicle, which I knew to belong to Timothy Francis, and he said he was the one that lived in the apartment. I knocked on the apartment door, and there was no answer, the dog barked when I knocked on the door, however I couldn't see it. I explained to the 88 that at this point there isn't anything we can do. I explained he had said that they do come and go from the apartment throughout the day, so they are hopefully caring for the dog, and just because he doesn't believe they are there enough doesn't mean they aren't caring for it.

Narrative:

CALLER SAYING THAT HOMEOWNERS ARE HOME. REF CFS 17-14680. ADVISED PBZ 1728 PBZ REPORTING SPOKE TO HOMEOWNERS. DOG IS FINE AND UNDER NO STRESS

Narrative:

On arrival I made contact with Elizabeth Dinnan, who was in the back yard walking the dog. I advised her of the complaint. She said that the dog hasn't been abandoned, and that she comes to the apartment 4 times a day to take the dog out and feed and water it. She said that they are currently staying with a friend until they get their new apartment on 11/1, and that dogs can't be at the friend's house. The dog appeared to be of good health. 88 was informed.
